

### **A problem without question, but only answers**

Here is a M.C. problem in which the question is cut away, but the choice of answers, given below, is clearly printed. What is the right answer?

- (a) All of the below.
- (b) None of the below.
- (c) All of the above.
- (d) One of the above.
- (e) None of the above.
- (f) None of the above.
